

Students' Association

The Students' Association of TWGSS is led by a Chairperson and two Vice-chairpersons. The office bearers, students from Form 4 and 5, are elected by students through a democratic form of election at the beginning of each school year. The Association acts as a bridge between the student body and the school authority provides excellent training for leadership.

The Association organizes different types of activities and services for students, catering the different interests and needs of students and cultivating their sense of belonging to the school. Every year, we organize various events to shape better understanding and co-operation among different members of the school. We also put unfailing effort in searching stationery items of the best qualities and the lowest prices to sell to students, easing students' financial burdens and taking good care of their benefits.

SA Forum – a debate between proposed cabinets to present their beliefs

SA Voting Day – the most democratic election system - “one student one vote”

SA AGM – the new Executive Committee was born and started to serve the TWGSS
