

28th September 2022

Dear Parents of S4 to S6 Students,

The First Term Uniform Test

In order to evaluate the effectiveness of teaching and learning as well as cultivating students' good learning habits, the First Term Uniform Test will be held starting from 20th October (Thursday). The results of the tests will account for 15% of the Term Overall Marks. Students should pay attention to the scope of the test provided by subject teachers.

Kindly pay attention to the following:

1. Before returning to school, students must have their body temperature checked and conduct COVID-19 Rapid Antigen Tests (RATs) and only those who have obtained a negative result will be allowed to take the Uniform Test. Students are required to bring the duly signed "Body Temperature and Rapid Antigen Test Record Form" and take photos of the RATs results with their mobile phones, which will be checked by the class teacher during roll call in the morning. Students who do not undergo RATs at home will have to carry out the tests at the school Covered Playground. **No extra time will be given for the test.** If they have a fever or other symptoms of upper respiratory tract infections, they should seek medical advice immediately. In that case, students should not go to school to take the test.
2. If students bring their mobile phones or any devices which have the alarm function and/or allow access to the Internet to the test venue, **they need to switch them off and put them under the chair in a position clearly visible to the invigilators.** During the test, if a student's electronic device emits any sound, the student will receive a mark penalty and may be subject to disciplinary action taken by the school.
3. During the test, if articles such as paper, notes, books and all kinds of electronic devices (including tablets, mobile phones, multimedia players, electronic dictionaries and databank watches) or other wearable technologies with communication or data storage functions are found on a student's desk or in the drawer of his/her desk/pockets or on his/her body, he/she may be disqualified from the test.
4. The school will not arrange any make-up test for students who are absent from the test. If a student does not provide a valid reason for his/her absence from the test, he/she will score no mark for that subject. If a student is absent from the test due to sickness, he/she must submit a medical certificate to the school on or before 11th November 2022. In that case, the subject teacher will project the assessment mark with a 20% discount based on the student's performance in regular assignments, quizzes and participation in class.
5. If an announcement of suspension of classes is made by the Education Bureau due to a tropical cyclone, inclement weather conditions or outbreak of health crisis, the tests to be held on the day of class suspension will be rescheduled. The rescheduled test date for the subject(s) concerned will be announced in due course. The original schedule for the tests on the other days will remain unchanged.

The Uniform Test schedule is hereby attached for your information. Please encourage your child/children to make a revision plan and work hard to achieve good results in the coming Uniform Test.

Yours sincerely,

TANG Suk-ching
(Principal)

Reply Slip — The First Term Uniform Test

(Please reply through eClass on or before 7th October (Friday).)

Dear Principal,

I have read and understand the arrangements for the First Term Uniform Test and will supervise my child/children to work industriously to strive for good results in the Test.

Tsuen Wan Government Secondary School
Uniform Test
